OVERVIEW

Optimize health, wellness, and affordability with the Simply Conserve® Advanced Air Filter Cartridge. Featuring a 3-stage filtering process with individually replaceable HEPA and Carbon components, our patent pending Advanced Air Filter Cartridge significantly reduces replacement filter costs and landfill waste—making it easier than ever to enjoy a breath of fresh air. The unit's removable and washable Pre-Filter captures large particles including dust, lint, and pet fur. It's replaceable True HEPA H13 and Carbon Filters eliminate 99.97% of contaminants down to .03 microns including bacteria, viruses, mold, allergens, toxins, and odors to make spaces healthier and more refreshing.

FEATURES

- **Improves Air Purifier Affordability - Save Up To 70%**
  Replace just the HEPA and Carbon components instead of buying a whole new cartridge.
- **Enhances Sustainability - Less Landfill Waste**
  Prevents plastic from entering a landfill every time an individual filter needs to be replaced.
- **3-Stage Filtration Featuring Washable or Replaceable Filters**
  - Removable and Washable Pre-Filter
    captures large floating particles including dust, lint, fibers, hair, and pet fur.
  - Replaceable True HEPA H13 Filter
    traps 99.97% of bacteria, viruses, pet dander, smoke, pollen, mold, microscopic contaminants, and pollutants down to .03 microns.
  - Replaceable Super Absorbent Carbon Filter
    eliminates airborne toxins, odors, smoke-smell, fumes, VOCs, cooking, and pet smells.
