

FilterLOCK™

QUICK & EASY INSTALLATION INSTRUCTIONS

FilterLOCK seals standard furnace air filter slots. Overlapping two-piece design fits up to 25" filters. Built-in magnetic fasteners hold FilterLOCK securely in place on top or side of metal duct.

- 1 Place one FilterLOCK section over open filter slot.
- 2 Fold end of FilterLOCK over edge of duct to seal corner.
- 3 Place second FilterLOCK section, overlapping first FilterLOCK section.
- 4 Fold end of FilterLOCK over edge of duct to seal corner.
- 5 Trim or modify FilterLOCK as needed.
