MaxLite Home™

LED Security Light
2 Heads with GFCI outlets

TWO INTEGRATED GFCI OUTLETS

Product Description:

DUAL OUTLET CONVENIENCE – Eliminate power conflicts by incorporating a pair of integrated outlets. Easily energize your lawnmowers, blowers, string lights, and vacuums—all through a singular device necessitating 120V voltage.

MOTION DETECTION & DUSK TO DAWN – The LED security light offers two distinct modes. In Motion Sensor Mode, the light stays off during the day and turns on at night only when motion is detected. In Dusk to Dawn Mode, it remains illuminated throughout the night, regardless of motion, and automatically switches off during the day.

SETTINGS – Tailor your lighting settings with adjustable motion detection durations of 30S/60S/120S and detection ranges from 13 to 45 feet. Seize command and establish the ideal atmosphere to match your individual requirements.

BRIGHT LIGHTING – 2,500 lumen brightness with the added benefit of adjustable heads and sensors. Light up every corner, discourage potential intruders, and protect your valuables effortlessly.

Features:

- Two GFCI Outlets
- Two Adjustable Heads for Wide Lighting
- Motion Detection & Dusk to Dawn Two Lighting Modes
- Adjustable Lighting Direction

Installation:

- Direct Wall Mount

Construction:

- UV Stabilized Polycarbonate

Listings:

- ETL for Wet Locations
- FCC
